GEARUP_DB at NCCEP Conference

GEARUP_DB will be on display at the National Council for Community and Educational Partnerships Annual Conference in Washington, D.C. July 25-28, 2004. Educational Vision And Networking Services, Inc. will have an exhibitor booth and will present a session at the conference.

The session “Managing Project Data and Generating the Annual Performance Report,” is scheduled for Monday, July 26, 2004 — 10:45 - Noon. It will include a discussion on using a customized relational database for the collection and management of information and/or services provided by GEAR UP programs/projects.

GEARUP_DB is designed to assist personnel in processing and analyzing data to be used in implementing and evaluating the GEAR UP program/project.

Major components of GEARUP_DB are as follows:

- **Data Import** and conversion of related data which exists in electronic format in other databases
- **Data Entry Switchboard** through which data can be manually entered.
- **Reports Switchboard** through which reports can be generated based upon the data imported or manually entered.
- **Administrator Switchboard** through which database administrative functions can be performed

For more information about this product see the GEARUP_DB brochure or visit the following website:
